Meet Interested Skip

To find and connect with **representatives from specific companies:**

- On the left navigation bar, under the **"More"** section, select **"Showroom Representatives"**
- Then select the **downward arrow** to filter by specific types.
- Here you'll be able to search for **specific company reps** that you may want to connect with. You can use this if you're looking for a specific contact. ***Keep in mind that you can always send chats or connect with companies and a rep will reach back out to you!*
